240 V OUTPUT

THE WORLDS MOST **ADVANCED** PORTABLE POWER SUPPLY

POWERING YOUR EVENTS

 Instagrid **ONE**

cwplant.co.uk

**GOODBYE LIMITS ...
HELLO ANYWHERE**

 **WORK ANYWHERE**

 **FAST CHARGING**

 **WEATHERPROOF**

VOLTAGE OUTPUT : 240 V
RATED OUTPUT POWER : 3.6 KW
PEAK POWER OUTPUT : 18 KW (80A)
RATED ENERGY CAPACITY : 2.1 KWH
WEIGHT : 21 KG

WHY HIRE THE INSTAGRID ONE?

-  **UNMATCHED POWER & VERSATILITY** : Delivers 3,600 W of rated power and a peak power output of 18,000 W through a standard 13 A, 240 V socket. This allows you to run any demanding AC electrical equipment indoors or outdoors in all weather conditions, thanks to its IP54 rating.
-  **ENHANCED SAFETY & PORTABILITY** : Weighing only 21 kg, it can be carried with one hand, helping you minimise trailing cables and reduce trip hazards on site.
-  **SILENT & SUSTAINABLE OPERATION** : Enjoy silent, uninterrupted power with zero local emissions, creating a cleaner, quieter work environment than traditional generators.
-  **RAPID RECHARGING** : Get back to work quickly with fast recharging from a standard 240 V supply in under 3 hours.

APPLICATION USE

FESTOON LIGHTS

66 x 4 W LED
LAMPS (200 M)
> 8 HOURS
